2018-2019 non-public textbook loan procedures for the Bristol Warren, Barrington, Tiverton and Little Compton School Districts.

The East Bay Educational Collaborative (EBEC) manages the non-public textbook loan programs for the above noted school districts with the belief that a shared system will lead to savings in book purchases as well as reductions in administrative costs. Please adhere to the dates below. Most important is the **return of all student textbooks by June 29, 2018.**

Residents who have children in non-public schools may request textbooks in math, science, history, english /language arts and foreign language , provided the book is on the RI Department of Education textbook list (workbooks, e-books and novels are not included). Books not on the RI Department of Education list will not be provided.

Order forms must be complete online and submitted to EBEC by June 29, 2018 or there may be delays in obtaining the books for the start of the school year. The ISBN# of the textbook must be provided. Proof of residency will be required for students that have not borrowed books from EBEC previously (license, utility bill), and all current year textbooks must be returned or paid for, before new books can be ordered/picked up. A \$5 per book late fee will be assessed on textbooks for books returned after 6/29/18.

If your child enrolls in a non-public school subsequent to June 29, 2018, submit the order form to EBEC and EBEC will obtain the textbooks that are on the RI Department of Education list.
