Dear Saint Raphael Academy Parents and Guardians,

Saint Raphael Academy will now be testing students with BinaxNOW COVID-19 Antigen Test Cards. This consent will apply for all testing sessions going forward through the end of the 2021/2022 school year. The testing is being accomplished to keep the school community safe during the COVID-19 pandemic.

For each testing session, your student will receive one nasal swab. This swab will be run on the BinaxNOW COVID-19 Antigen Test Card. The test will be self-administered by the students. The results of this test will be available within 15 minutes. You will be called if the result is positive.

If you have any questions on the program you may reach out to Mr. Richard ([drichard@saintrays.org](mailto:drichard@saintrays.org)) or Nurse Kathy ([kfreeborn@saintrays.org](mailto:kfreeborn@saintrays.org)).

In order for your student to participate in this testing program, your permission is needed. **Sign below and have your student return the form back to SRA.**
